6 Pillars

At EC we recognise that our students are making a significant investment in their personal development. **Our Vision is to Help Students Succeed in a Global Community** and we developed our Educational Philosophy mission to make our students learning journey as effective as possible.

This philosophy is summarised in our 6 pillars of academics

1

OUR VISION

Helping students succeed in a global community.

2

OUR COURSE DEVELOPMENT

Research-based and data driven.

3

OUR METHODOLOGY

The communicative approach – the EC way.

4

OUR ASSESSMENT

Formative, personalised and relevant.

5

OUR CONSISTENCY

Company-wide standards and training.

6

OUR PROMISE

Your progress is visible and guaranteed.

① Our Vision

To help you succeed in a global community.

Academically this means we work with our students to improve their communicative competence, ensuring they have the language, the confidence and the skills to interact with other English speakers from all backgrounds and capabilities. **EC's Educational Philosophy.**

Our students are studying English as an investment in their future, they are studying for their career, for further education, to travel and sometimes to emigrate. They are studying English so they can fully participate in a global community, but what does that look like?

Our students will need to be able to communicate with people;

- From different cultures
- With different accents
- And at different levels of English

We embrace this challenge and have built our courses, our support and our schools to ensure our students are not just learning English but learning to communicate effectively.

② Our Course Development

Research-based and data driven

We believe in **continuous innovation** and have made research a cornerstone of the ongoing process of review and development. This informs all aspects of academic management from our curriculum to students' support to teacher training.

We have a very experienced team that is dedicated to developing our academic offering, from curriculum to academic processes.

This team:

- Attends and speaks at conferences all over the world.
- Does research into learning and assessment to ensure our students are getting the most up to date and evidence-based methodology.
- Collaborates with our publisher, National Geographic Learning (NGL) to inform the development of their materials.
- Collects data from assessments and feedback to measure the impact of courses.
- Analyses feedback from students to inform our development.
- Monitors, evaluates and implements changes to constantly improve/evolve our classroom experience and learning support.

③ Our Methodology

The communicative approach – The EC Way

"We are committed to putting students at the centre of their learning and engaging them in a visible process to build their **learning, cultural awareness** and their **language skills**."

By building their learning skills, students attain a lifelong benefit, enabling them to take advantage of all learning opportunities they encounter, both in and out of the classroom, and as a result, **progress more quickly**"

What can a student expect in a communicative language classroom?

- ① **Classes will begin** with an overall lesson objective
- ② Throughout the lesson, **students will work** with their partners to learn grammar, vocabulary and skills
- ③ Towards the end of the lesson, **they will practise** using this language in context
- ④ **Receive feedback** in the form of error correction or interesting language that emerged in the conversation

How is EC different?

EC employs the Communicative Approach. However, at EC *it's not about doing what works, it's about doing **what works best***. We believe our learners benefit from:

- Knowing what they're learning.
- Knowing why they're learning it (how it can be used in their lives outside the classroom).
- Knowing what success looks like.
- Choosing their personal levels of success.
- Knowing what they need to do better next time.

How do we achieve this?

- **We provide real-life objectives:**
Our objectives are written so that students can see how this lesson will impact their life outside the classroom.
Here's an example of a real-life objective: **Be able to make a plan with others (e.g. where to eat)**.
In this example students are learning to make a plan. As this is something they do regularly, they can see how this will benefit their lives and how to put it into practice instantly.
- **We provide clear aims**
- **We discuss lesson aims & objectives**
- **We enable our learners to choose what success looks like for them**
- **We include feedback, reflection and repetition in every lesson.**

The EC Way

Every lesson at EC is approached the EC Way, because we recognise how important it is for our students to see progress every day.

④ Our Assessment

Formative, personalised and relevant.

We believe that assessment should primarily be a formative process, a true reflection of a student's capabilities which informs students on their learning needs and successes.

Our assessment is designed to meet students' individual needs and takes place throughout their courses. **Our assessments occur:**

PRE-ARRIVAL

Students take their placement test which is followed with a speaking test on arrival. This information is used to place students in the correct level.

DAILY

Every day in class success criteria allow students to self-assess and peer assess, as well as get well targeted feedback.

WEEKLY

In Friday Feedback students reflect on their week and take part in consolidation activities that provide lots of opportunities for feedback and assessment.

MONTHLY

Following the 4-week progress assessment students receive comprehensive feedback on their performance, areas that they have done well at and areas they need to do further work on. This is reviewed and can be changed based on student needs.

AT END OF COURSE

Students can take an Exit Test which will show them the progress they have made during their course in terms of Use of English, Reading, Writing and Speaking.

5 Our Consistency

Company-wide standards and training

We ensure consistency by making sure our processes are robust and build good practice across all our centres.

Consistency is key, it is important that our students have the same exemplary learning experience whether they are studying in Cape Town or Toronto. It is also important that students enjoy the unique aspects of their destination, so although we have created a framework for lessons to deliver effective learning, teachers have freedom to adapt the plan to suit their students and their city.

To ensure consistency in learning experience and support:

- All Directors of Studies are inducted and trained in EC policies and procedures.
- All teachers receive the same induction to the Communicative Approach the EC way. They are assigned training modules based on their individual needs.
- All teachers are observed regularly.
- All our schools are committed to the continuous professional development of the acadmic team.
- All schools are audited once a year by a member of the senior management team.
- All schools are accredited by an external accreditation body.

6 EC Promise

Your progress is visible and guaranteed

We believe in continuous innovation and have made research a cornerstone of the ongoing process of review and development. This informs all aspects of academic management from our curriculum to students' support to teacher training.

At EC, visible data is built into our course. Before a student arrives, we provide guidance on setting effective learning goals, as research shows goals drive results.

Our lesson structure and our assessment structure are both built around feedback that helps students to learn and our Feedback Friday provides space for reflection, review of goals and feedback to drive progress.

Over the last 10 years we have been collecting data on our students' progress and we used this data to develop our EC Promise.

WHAT YOU CAN EXPECT

- Progression of **8 weeks per level** at EC
- Progress **Assessment every 4 weeks** or on teacher recommendation if you are progressing more quickly
- The curriculum is organised in 4 week modules with **regular assessment and feedback** to promote progress

EC has partnered with National Geographic Learning (NGL) since 2017. We are extremely proud of our partnership with NGL. We chose to work with NGL not just because of their exceptional materials but because their goal, **to bring the world to the classroom and the classroom to life**, is so closely aligned with our own vision. Like EC, they see the importance of developing intercultural communication inside the classroom to help students succeed in the global community outside the classroom.

EC's Product Team works closely with NGL, regularly piloting or offering feedback on new materials. They often meet with the editorial teams of major NGL titles to discuss the direction their coursebooks will move in, meaning EC is "not just reacting to materials given but informing what those materials are" (Michael Cummings 2023).

We are incredibly proud that students and staff from EC Brighton and EC Dublin appear in NGL's latest title, Outcomes 3rd Edition, as examples of successful communicators. They appear in activities raising awareness of the wonderful variety of accents around the globe.

EC is **"not just reacting to materials given but informing what those materials are."**

MyEC

Setting you up for success – before you even get here

Access MyEC from your own home. Gain access to information about your EC school and location. Take your placement test, access our library of self-study activities, or attend free online classes before you even arrive.

Chat to other EC students and staff and find out what's going on outside the classroom too, so you can plan ahead.

Making you feel at home – as soon as you get here

We'll make sure you'll know what to expect from the moment you arrive in the country of your EC school. You will have instructions of how to arrive at your accommodation.

You will be welcomed at your new home and given information on the locality and have time to settle in.

Every Sunday all new students can get to know their fellow students before classes begin.

Helping you fulfil – your language dreams

On Monday you will attend your first day and we will monitor your progress and provide ongoing feedback.

Every student's learning journey is a personalised one, tailored to ensure you have all the tools you need to focus on your language outcomes.

You can follow your progress and see assignments and reports on MyEC.

EC Advance is a testing system which allows you to track your progress through every stage of your language learning journey with us. Detailed progress reports and constant communication with your teachers will enable you to tailor your studies to suit your needs.

We're here to – support you

We appreciate that every student's needs and expectations are different, so everything we do will be for you, with your personal needs taken into consideration.

We will check in with you regularly and are always readily available to support any of your needs. We acknowledge that sometimes things don't go according to plan, but we're committed to turning things around quickly.

See you next time – never good-bye

We believe that language learning is a lifetime experience, and we want to be by your side as you continue your journey.

In your last week we will celebrate your progress and give you lots of opportunities to say your goodbyes. We'll give you tips to overcome the 'forgetting curve' and make sure you can continue learning and stay in touch.

We encourage you to join the EC Alumni groups on LinkedIn and Facebook.

Find Your Home

"Wherever you lay your head is home." Where will you call home when you study with EC? We provide a range of hand-picked options to suit your individual tastes and budget.

The independent among you will love our residences, houses and apartments. Each one ranges from a standard accommodation to those offering added amenities, which could be an on-site gym, home cinema or a swimming pool, including a lot more.

Alternatively, to truly experience the local lifestyle, why not stay with a host and join their way of life. Being a part of the day-to-day routine in a homestay can be a great way to forge lasting relationships and witness the local culture first-hand.

Most importantly, wherever you choose, you'll make great friends and have plenty of opportunities to practise English together as you create a little corner of the world to call your own. Your home away from home.

Lesson Structure

Our EC Live courses have adapted our in-classroom curriculum and material for successful and engaging online asynchronous learning. Research has proven that the structure of our online lessons is the most effective way to learn online.

EC Live lessons use National Geographic Learning materials. This means that when you finish your inperson course at an EC school, you will continue on the same NGL textbook you had in class when you continue your learning journey online with EC Live.

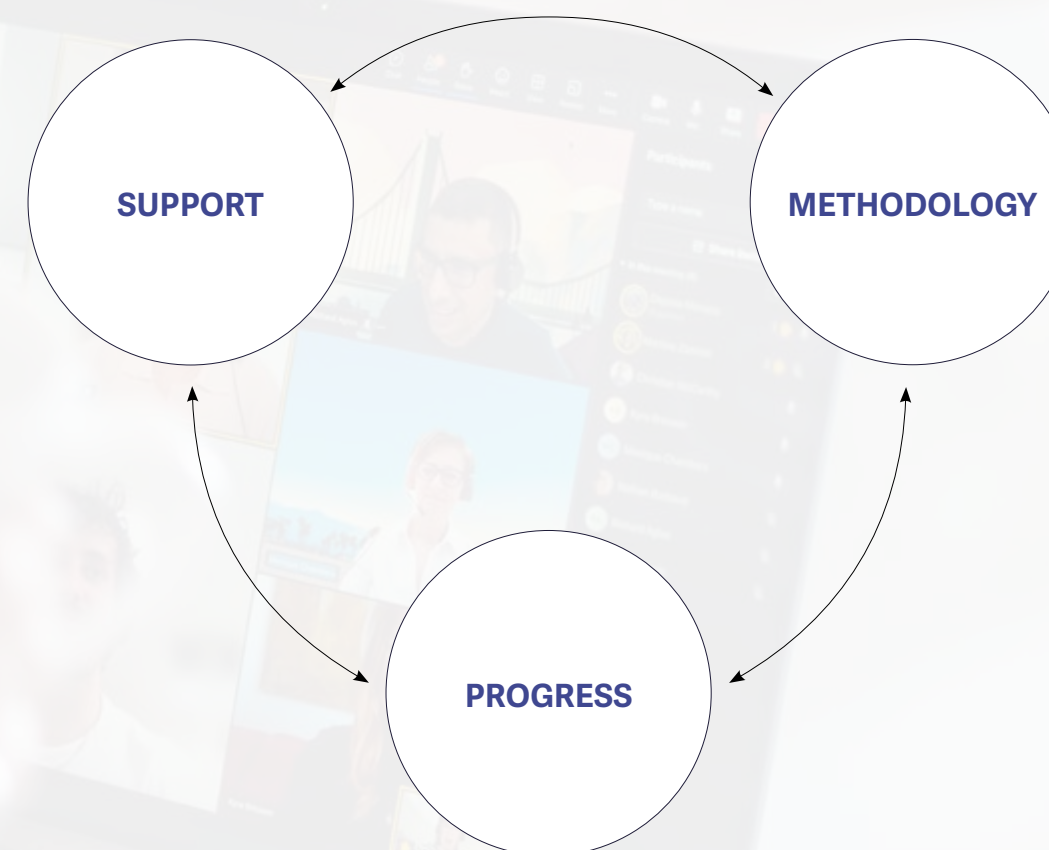

UNIQUE LESSONS

| BEFORE CLASS | |
|---|---|
| 15 minutes Pre-Lesson Task – Individual Practice | Before every lesson, the teach will give students a Pre-Lesson This could be reading a book or article, watching a video. Students prepare at their own pace, allowing them to come to the classroom fully prepared and ready to fully participate and get their best from the lesson. |
| DURING THE LESSON | |
| 90 minutes Main Lesson | Small groups of 4 -8 students from around the world join the EC Live classroom to collaborate via Microsoft Teams with their teacher. The lesson builds on the Pre-Lesson Task as the teacher guides the class with objectives and goals to learn new language and practise skills needed to be successful for the lesson objective. The teacher will also set-up the Post-Lesson Task for students collaboration, and the next Pre-Lesson task for the next day! EC Live lessons are intensive! Be prepared. |
| AFTER CLASS | |
| 30 minutes Post-Lesson Task – Student Collaboration | Student work on a writing or speaking Post-Lesson task, practicing the new language skill they learn in the Main Lesson. They collaborate with their group and they upload their work to their Team Group Chat for teacher feedback . Each Post-Lesson Task has clear success criteria to help students self-evaluate, set their goals and see their progress. |

Insurance

We have created special insurance policies with trusted insurance providers to ensure you feel protected and secure when you travel and study with us.

These special policies have been designed to suit the specific needs of our students who travel abroad to study on our adult courses and provide very good levels of cover for all destinations.

Enrolment is extremely easy and can be done at the same time as booking your course through EC. You will receive your policy information prior to beginning your course, and all detailed information will be sent to you in case of requirement for visa applications.

For information regarding levels of coverage, please speak to your EC representative, or visit www.ecenglish.com

Depending on your choice of destination certain requirements for insurance coverage are required by law, even if you choose not to take EC's insurance option, in most cases you must organise private health insurance in order to get a visa and to study in your chosen destination.
